Hiring an Employee: Special Payroll Employees

Overview

The Department Processors are responsible for initiating a Smart HR hire for Special Payroll Teaching, Special Payroll Non-Teaching and Gratis employees. Once the template is complete, the hire is submitted for approval and then finalized centrally at the Payroll Department.

Special Payroll hires do not integrate with SPAR. Department processor will need to collect and data enter all biographical, demographical and employment details. No information for Special Payroll employees will auto-populate on the templates. Therefore, Department Processors must ensure to gather all the required information before processing the Smart HR hire transaction.

There are three Smart HR hire templates for hiring special payroll employees:

- UC_TBH_SPT: Special Payroll Teaching hire
- UC_TBH_SPNT: Special Payroll Non-Teaching hire
- UC_TBH_GRAT: Special Payroll Gratis hire*

*Gratis hire template is not displayed in this job aid.
